WEEK 1 PRACTICE FIELD CHANGES — Sportsplex Turf (SPT) flooded

These changes apply to the FIRST WEEK OF PRACTICE ONLY: Monday November 16 – Friday November 20, 2026. Everyone returns to their normal field from Monday November 23.

Two things are affecting week 1. (1) The turf fields at the Sportsplex (SPTA and SPTB) are being repaird from flood damage. (2) The NORTH field at North Community Park (NCP-N) is not available until 9:00 PM on Monday November 16 due to a HS game moving from Sportsplex due to flood damage. Teams need to be moved and make special accomodations (e.g. 3 teams sharing a field - or different age groups / genders on a field together. CSYS has done everything in its power to make this as seamless as possible. For all teams, days and times do not change — only the field. (NCP-N = NCP1 and NCP-S = NCP2.)

WHAT STAYS THE SAME

Practice days and times do not change. Nothing is cancelled and nothing is added — only the field changes, and only for this one week. On a few fields an extra team will be sharing with you for the week; where that happens it is noted in the table. Any practice not listed in the table above is at its normal field.

FIELD KEY

Mullins Park: M1, M2, M8, M8A, M8B — on Monday November 16 only, field M1 is split into two halves, M1A and M1B. · Sportsplex grass: SPGA, SPGB · Sportsplex turf (closed this week): SPTA, SPTB · North Community Park: NCP-N is the north field and NCP-S is the south field; A, B and C are sections of each.

Questions about your team's practice: please contact your age group director.
